Do you know this car?

13 year old Daniel Morcombe was abducted from a bus stop on the Sunshine Coast on Sunday, 7 December 2003. As Daniel waited for the bus, he was approached by two men in a dark-blue 1980s model car.

Police believe that these men may be able to assist with their enquiries. Witnesses say that the car was a medium sized, four door sedan.

Do you know someone who drives a car like this? Someone who might have been in Queensland in December 2003?

Perhaps they stopped driving it, or sold it

some time after Daniel's disappearance.

Or, they may have had it repainted or otherwise changed its appearance. When Daniel disappeared, he

was carrying a distinctive silver fob watch fastened to his belt. The watch has a gold inscription plate

and is engraved with the name "Dan".

Have you found or seen Daniel's watch?

This could be a vital clue in finding those responsible for abducting him.

If you have any information about this car, or any suspicions at all, please call Crime Stoppers.
